Part 12: Details About Environmental Information

For the purpose of Part 12, the followig definitions apply:

- Environmental law means any statute or governmental regulation that concerns pollution, contamination, or hazardous material, regardless of the medium affected (air, land, water, or any other medium).
- Site means any location, facility, or property, including disposal sites, that the debtor now owns, operates, or utilizes or that the debtor formerly owned, operated, or utilized.
- Hazardous material means anything than an environmental law defines as hazardous or toxic, or describes as a pollutant, contaminant, or a similary harmful substance.

Report all notices, releases, and proceedings known, regardless of when they occurred.

23. Has any governmental unit otherwise notified the debtor that the debtor may be liable under or in violation of an environmental law?

- ☐ No
- ☒ Yes. Provide details below.

Site Name and Address	Governmental Unit Name and Address	Environmental Law, if Known	Date of Notice
-----------------------	------------------------------------	-----------------------------	----------------

Specific Notes

Sites that are included in Statement 23 on the basis of the Debtors' conclusion that they are Contaminated Sites, as opposed to receipt of an NOV, are identified in Statement 23 with an asterisk.
